Gets Arrested in the Middle

or Liberty Spikes

Word of the Day  
clemency: disposition to show mercy; also, an act of mercy.  
ephemeron: something short-lived.

The protected storage viewer only shows entries made when I was still using IE6 – so where are the values now stored? (see "where is the registry?" - an older search)

All these values used to be visible in protected storage; since IE7, they are not (pardon the unsavory entries)
